Lucin Viriscite Mine Project

Dear Mr. Penney:

We have reviewed a copy of your Notice of Intention to Commence Small Mining Operations. We received a copy of the notice from the Division of Oil, Gas and Mining on April 6, 1995.

This project is for mining Viriscite crystal material in Box Elder County.

It does not appear that the operation as described will have any water quality impacts. At this time, no permit is required from this office for the stated activities. However, you must advise us for review of water quality impacts, if your activities generate waste water which would be discharged to the ground or surface waters of the State.

If we can be of further assistance, please contact me or Mr. Lyle Stott of my staff.

Sincerely,

Kiran L. Bhayani, P.E., D.E.E., Manager  
Design Evaluation Section
